# TRUIST PARK SEATING CHART

There is some amount of netting or screening in front of the following seating sections:

Sections: 1-9, 10-42, 107-143, Champions Suites (Suites A,B,1-10)

- Height of netting is 31.5 feet.
- Netting extends from foul pole to foul pole.

Fans in these sections are still exposed to objects leaving the field of play, including bats and bat fragments, and thrown or batted balls; ticket holder assumes all risk of injury. For more information on netting or screening coverage and seating options, please contact the Atlanta Braves ticket office at (404) 577-9100.

## Turner Field(1997-2016)

## Seat Numbers

Turner Field has one of the more unique seat number breakdowns for any arena or stadium. Each section at Turner Field is split in the middle, with seats on either side of the stairs. Seat number 1 on either side (right or left) is always the seat closest to the stairs. Single digit seat numbers are located on the right side of section (1-8) and three digit seat numbers are located on the left side of a section (101-108). Typically there are 8 seats on each side of a section in a given row, although in some sections/rows there can be as many as 12.

## Dugouts and Bullpens

The Atlanta Braves dugout is located in front of sections 109, 111, 113, 115, and 117. The visitors dugout is located in front of sections 110, 112, 114, and 116. The Atlanta Braves bullpen is located between sections 139 and 143, and the visitors bullpen is located in between sections 128 and 132.

## Field Level Seating

The Atlanta Braves offers a variety of seating options at the Field Level at Turner Field. The Hank Aaron seats at Turner Field are located in the sections directly behind home plate (101-106) in rows 1-28. These would be considered a top choice for any Braves game. In front of the Hank Aaron Seats you will find the SunTrust Club (section 101-102 rows A-C), which is the absolute closest you can get to the diamond. Tickets in these sections come offer a first class bar and menu.

## Best Seats

The Best Seats for an Atlanta Braves game (aside from the SunTrust Club) are located behind the home plate in the Hank Aaron sections (101-106). If you can't score tickets in those sections, seats along the dugout will do just fine. The best value seats at Turner Field are in the Terrace Level along first and third baselines.

## Field Dimensions

As mentioned Turner Field is a converted track stadium from the 1996 Olympics, but despite that it is still a very nice park with average dimensions. It is 335ft (from home plate) to Left Field, 380ft to Left-Center, 401ft to Center, 390ft to Right Center, and 330ft to Left-Field. It is 43ft from home plate to the backstop.
